

Program Management Office Canvas

Context

Use this canvas to design or refine your Program Management Office. Fill each block with concrete inputs, from strategic alignment and resources to risks and corrective actions, to create a shared blueprint that connects strategy with execution. Review and update regularly to keep your PMO relevant and effective.

Strategic Alignment What is important and urgent for the company?	Accountability Who decides what when?	Processes How is work handed over?	Program Health and Metrics How well is the portfolio performing?
Resources and Capacity What budget and talent is available?	Tools What tools are used when?	Key Stakeholders Who is expecting what?	Key Projects and Milestones What projects are on a critical path?
			Risks and Corrective Actions How are current risks mitigated?
